NEWS

October 13, 2011

FOR IMMEDIATE RELEASE

PARTIAL CLOSURE OF TAKSHANUK MOUNTAINS TO GOAT HUNTING

Biologists with the Alaska Department of Fish and Game are announcing an early closure to the mountain goat hunting season (RG023) in the Takshanuk Mountain Range, east of the Haines Highway and Chilkat River, west of Chilkoot Lake and River, and north to Goat Hollow.

Based on survey information collected in September 2011, a guideline harvest objective of 10 points (male goat=1 point & female goat=2 points) was established for the middle portion of the Takshanuk Mountain Range. As of Thursday, October 13th, 2011, 8 goats have been harvested in this area, including 6 male goats (6 points) and 2 female goats (4 points) for a total of 10 points. Due to the vulnerability of goats in this area and because the guideline harvest level set by ADF&G has been met, an emergency order (01-16-11) is being issued to close the goat hunting season in the middle portion of the Takshanuk Mountains.

Therefore, effective at 11:59 p.m., **Friday, October 14, 2011**, the middle portion of the Takshanuk Mountains, south from Goat Hollow to Tukgahgo Mountain is closed to goat hunting. The Tukgahgo Mountain to the city of Haines hunt area was previously closed by emergency order (01-05-11).

Hunters are reminded that the northern portion of the Takshanuk Mountains, from Goat Hollow through Klutshah Mountain, and the remainder of GMU 1D, except for those areas previously closed by emergency order, remain open for mountain goat hunting.

If you have any questions about this closure, please call Anthony Crupi at ADF&G in Douglas at 465-4266 or 866-302-4263.
