JUSTIFICATION:

The Alaska Board of Game (BOG) established a registration permit hunt in Unit 18, that portion that drains into Kuskokwim Bay south of the Carter Bay Drainage (59.180 N 162.003 W) for a winter moose season at the January 2017 BOG meeting. The moose population in the Goodnews River Hunt Area is estimated between 450-500 moose, and the harvest quota for the winter hunt will be 35 moose. This announced winter season provides additional opportunity for hunters to harvest a moose now that winter travelling conditions allow hunter access to the RM621 hunt area. Hunters are asked to report their harvest within 36 hours to the Bethel ADF&G office (907) 543-2839 or (907) 543-1678. Hunters that have already harvested a moose during this regulatory year (after July 1, 2023) are not eligible to participate in this hunt. Unsuccessful hunters and hunters that did not hunt need to report by April 15, 2024.
