Habitat Section  
Southeast Region

## 114-31-10130 Tributary 3

## ADDITION

**Water body name:**

**Survey date:** 8/22/2022

**Quad:** Juneau A-5

**Species & Lifestage:**

**Upper Reach Latitude:** 58.062480 **Longitude:** -135.488899

**Survey crew:** FC

**Lower Reach Latitude:** 58.062779 **Longitude:** -135.488067

**Findings:** We surveyed this uncataloged stream using a baited minnow traps and GPS and captured juvenile coho salmon. The tributary stream seeps out of the ground near the road and flows through a fairly undefined channel (Table 1; Figure 1). Coho salmon were returned to the stream prior to obtaining a photo; however, identification was confirmed by a Habitat Biologist.

**Recommendations:** Add this uncataloged stream to the anadromous waters catalog for rearing coho salmon (Figure 2).

**Nomination:** Pending

Table 1.—114-31-10130 tributary 3 survey data.

Waypoint	Latitude	Longitude	Notes	Stream Width ft	Stream Substrate	Habitat Features	Gradient %	Sample Effort	Sample Results
1452	58.062508	-135.488855	Largely disconnected and undefined overflow of cataloged Game Creek. Low water; seeps into ground upstream approaching road (no crossing structure). Minnow trap soaked in shallow pool ~ 2 hr.	2-4	Fine Organic		1-2	MT	2 CO
