

10:19:16 From Jeff Rice : Sorry about that Andrew. Computer issue during introductions and I had to restart. Jeff Rice, ADFG Petersburg/Wrangell Port Sampling.

10:19:45 From Andrew Olson : Thanks Jeff!

10:37:05 From Eric Rosvold : Can you comment on how the legal biomass tracks harvest on your graphs. Icy Straits is remarkably similar. Others not so much. My guess would be in Icy Straits survey mirrors fishery, not so much in other areas?

11:15:51 From Andrew Olson : 5 min. break. Will start up @ 11:20am with Golden king crab

12:34:07 From katie palof : 1:30 is good

12:34:54 From Andrew Olson : Lunch break from 12:30 to 1:30 when we return we will continue with golden king crab followed by red king crab

14:05:36 From John Etheridge : Andrew,

14:56:35 From Kathy Hansen : background noise causing Andrew to fade in and out

15:40:48 From Kathy Hansen : I have trouble with graphs, what is the biological threshold in numerical form under this management strategy

16:44:58 From Kathy Hansen : Yancey Nilsen and Nels Otness submitted the proposal
