

PROPOSAL 181 - 5 AAC 57.120. General provisions for seasons, bag, possession, annul, and size limits, and methods and means for the Kenai River Drainage Area. and 5 AAC 77.540. Upper Cook Inlet Personal Use Salmon Fishery Management Plan. Only non-motorized vessels may be used when fishing on the Kenai River, as follows:

Make Kenai River drift boat only. Supposedly the whole river is a park.

What is the issue you would like the board to address and why? Habitat report shows habitat loss. No action has been taken since 1997 zero net loss of habitat Dr. White. Guides, dipnetters, and in-river traffic all remain unlimited. Why? No kings.
