[AND WITHIN ONE STATUTE MILE OF THE RIVER TERMINUS];

What is the issue you would like the board to address and why? The current closed waters descriptions for the Kenai and Kasilof rivers are vague and difficult to interpret by fishermen, Alaska Department of Fish and Game personnel, and enforcement officers. This can lead to unintentional violations by fishermen and difficulty in enforcing and prosecuting closed waters violations. The purpose of this proposal is to simplify the description of closed waters around the mouths of the Kenai and Kasilof rivers in order to make this area more enforceable and to aid fishermen in their efforts to comply with these regulations. This will result in no significant change to the current closed areas around the river mouths.
