

PROPOSAL 166

5 AAC. 33.366. Northern Southeast seine salmon fishery management plans.

Allow a weekly commercial fishery targeting pink salmon with purse seine gear in District 12, as follows:

To allow a index fishery similar to the pt. Augusta index fishery, to occur weekly. This fishery needs to occur at the north eastern portion of stat area 112-16, with 1/2 mile stretch of beach up to 1/2 mile offshore off beach.

What is the issue you would like the board to address and why? Allow better access to fish data for north bound pink salmon in northern southeast, stat area 112-16.

We currently rely on test fish data and it's my belief a directed index fishery would supply better data for the management of this area.
