

PROPOSAL 52

5 AAC 24.100. Description of area.

Amend Prince William Sound Area description to specify lines of longitude for the eastern and western boundaries, as follows:

5 AAC 24.100 is amended to read:

The Prince William Sound Area includes all waters of Alaska between **148° 50.25' W. long. at** Cape Fairfield and **144° W. long. near** Cape Suckling.

What is the issue you would like the board to address and why? There is no geospatial reference in this regulation to accurately define the western and eastern boundaries of the Prince William Sound Area. Defining these boundaries along lines of longitude will allow for a consistent and repeatable point of reference for those involved in area fisheries.

PROPOSED BY: Alaska Department of Fish and Game
