

PROPOSAL 82

5 AAC 31.136. Closed waters in Registration Area A.

Close the Section 11-A commercial shrimp fishery, as follows:

Keep unit 11A to personal use shrimp fishing as is.

What is the issue you would like the board to address and why? Close commercial shrimp in Unit 11A. There were two fishermen who tried this unit and didn't find good shrimp to keep fishing.
