

**PROPOSAL 131**

**5 AAC 09.360. Southeastern District Mainland Salmon Management Plan.**

Increase the Southeast District Mainland allocation of Chignik River-origin sockeye salmon from 7.6% to 10%, as follows:

The percentage of sockeye salmon destined for the Chignik River that are harvested in the SEDM fishery may be permitted to fluctuate above or below **10%** [7.6%] of sockeye salmon harvest in the Chignik area at any time before July 25.

**What is the issue you would like the board to address and why?** Lost fishing time and opportunities in the Southeast District Mainland (SEDM) fishery. The SEDM has a 7.6% allocation at 80% while Kodiak has a 15% allocation based on a 90% catch of Chignik bound salmon.

**PROPOSED BY:** Sand Point Fish and Game Advisory Committee
