

PROPOSAL 8

5 AAC 58.022. Waters; seasons; bag, possession, annual, and size limits; and special provisions for Cook Inlet — Resurrection Bay Saltwater Area.

Reduce the sport fish bag limit to one king salmon south of Bluff Point, as follows:

Reduce the daily limit of King Salmon in Cook Inlet south of Bluff Point from 2 salmon per day to 1 salmon per day.

What is the issue you would like the board to address and why? King salmon stocks are depleted in Alaska, Canada, & the Pacific Northwest, and the King Salmon fishery should be managed cautiously to help stocks rebuild. Just because these feeder kings are not Alaska kings should not mean we overharvest fish from elsewhere.
