

**PROPOSAL 212**

**5 AAC 32.052. Dungeness crab pot gear storage requirements.**

Extend pot storage allowance after fishery closure, as follows:

Amend regulation to allow at least 7 days to remove pots from water following the Nov. 30 closure in Area A.

**What is the issue you would like the board to address and why?** As written regulation does not allow a reasonable amount of time to remove stored pots from the water following the November 30 closure in most of Registration Area A. The regulations should be amended to allow at least 7 days to remove pots from the water. This would be consistent with the time allowed at the August 15 closure.
