

**PROPOSAL 102**

**5 AAC 65.022. Special provisions for bag, possession, and annual limits, and methods and means in the Alaska Peninsula and Aleutian Islands Area.**

Prohibit retention of king salmon in King Salmon River and tributaries of Bear River, as follows:

(b) In the King Salmon River and Bear River tributaries, King Salmon may not be possessed or retained; a person may not remove a King Salmon from the water before releasing a fish.

**What is the issue you would like the board to address and why?** As King Salmon stocks have declined and increased sport fishing effort over the past decade, there is concern of long term sustainability of the King Salmon populations in King Salmon River and the tributaries in Bear River.

**PROPOSED BY:** Connor Murphy
