

PROPOSAL 189

5 AAC 77.5XX. New Section.

Require personal use guides in Cook Inlet to adhere to sport fishing guiding requirements as follows:

Personal use guides are to fall under sport fishing guiding requirements under the State of Alaska regulations in Cook Inlet.

What is the issue you would like the board to address and why? We would like to change the statute to make licensed personal use guides included as sport fishing guide. This is to make sure that all guides within Cook Inlet are registered and licensed.

PROPOSED BY: Kenai Soldotna Fish and Game Advisory Committee (HQ-F23-103)
