

PROPOSAL 180

5 AAC 27.110. Fishing seasons for Southeastern Alaska Area districts.

Correct latitude of Aspid Cape for the southern boundary of the Section 13-B purse seine sac roe herring fishery, as follows:

5 AAC 27.110(b)(1)(E) is amended to read:

(E) Section 13-B, north of the latitude of Aspid Cape ($56^{\circ} 41.\underline{14}$ [75]' N. lat.), except for Whale and Necker Bays;

What is the issue you would like the board to address and why? The current description of Aspid Cape in this regulation is incorrect. This seeks to correct the description of Aspid Cape to the actual location.

PROPOSED BY: Alaska Department of Fish and Game
