

PROPOSAL 294

5 AAC 32.4XX. New section.

Establish 58-foot vessel length limit for Alaska Peninsula District commercial Dungeness crab fishery, as follows:

I would like a 58 feet length overall vessel length limit for the Alaska Peninsula Dungeness crab fisheries participants, similar to the South Peninsula Tanner crab fishery vessel length limit.

What is the issue you would like the board to address and why? Size limit on vessels participating in the Dungeness crab fishery for the Alaska Peninsula District of Area J. Vessel size limit should be uniform for all the state-waters crab fisheries in the area.

Did you develop your proposal in coordination with others, or with your local Fish and Game Advisory Committee? Explain. This proposal was developed with other fishermen from the region.
