

RC 97

RC Submitted by Ahtna Tene Nene' Regarding Necessary Changes to the Community Hunt Regulation

- The amendment is necessary to allow those who subscribe to a community hunt to be able to take advantage of registration hunt opportunities within the community hunt areas, for example a cow moose hunt that may be authorized. This is consistent with the purpose of the community hunt – to allow moose hunting opportunities within the communities' traditional hunting territory.
- The amendment would also allow a 2 caribou per household bag limit for caribou.

Underlined text deleted – bold text added.

5 AAC 92.072(c)(2) a resident of the community or member of the group who elects to subscribe to a community harvest permit

(A) may not hold a harvest ticket or other state hunt permit for the same species, where the bag limit is the same or for fewer animals during the same regulatory year; however, a person may hold harvest tickets or permits for same-species hunts in areas with a larger bag limit following the close of the season for the community harvest permit, except that in Unit 13, only one **two** caribou may be retained per household **and community members may hold a registration permit for moose that is limited to an area that is within the community hunt area,**
