

PROPOSAL 92

5 AAC 92.003. Hunter education and orientation requirements.

Require sheep hunters to complete an online education course as follows:

Education requirements on Unit 15 Moose have shown to reduce sublegal harvest. I suggest developing an educational course and quiz to educate sheep hunters on what a legal ram is and require all sheep hunters to take it.

What is the issue you would like the board to address and why? Currently there is no education to requirements for Dall sheep hunters in Alaska. With the increase in sublegal harvest as available surplus continues to decline, this will have a larger impact on the population.

Did you develop your proposal in coordination with others, or with your local fish and game advisory committee? None
